STATE PROCUREMENT OFFICE
STATE OF HAWAII

TO: Chief Procurement Officer

FROM: DLNR / DOFAW / Oahu
Name of Requesting Department

Pursuant to HRS § 103D-307 and HAR chapter 3-122, Subchapter 10, the Department requests approval for the following:

1. Date or period of Emergency: June 5, 2012 - June 10, 2012	2. After-the-Fact: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
--	--

3. Describe in detail the emergency situation that created a threat to life, public health, welfare or safety.
 On Monday, June 4, 2012, a wildfire started in Lualualei. This fire quickly spread and by Tuesday was burning inside the Waianae Kai Forest Reserve. Immediate action was taken to minimize loss to native forest, rare plants, nearby homes, the fragile watershed and protect the life/safety of nearby civilians. The fire was declared 100% contained on Wednesday June 13, 2012 at 1800 hours. The fire was declared controlled on Friday, June 15, 2012 at 1800 hours.

4. Vendor/Contractor/Service Provider Name: Airborne Aviation	5. Amount of Request: \$ 30,900.00
--	---------------------------------------

6. Describe in detail the emergency goods, services, or construction and explain why it is necessary.
 Airborne Aviation provided fire suppression services as well as long line and sling load services.

7. State the reason(s) the vendor/contractor/service provider was selected. Explain what competition, as is practicable, was conducted.
 This company has a solid reputation and has proven time and again that they can operate effectively, safely and efficiently. The pilot is experienced and capable of providing these specialized services. Additionally, their helicopters are specially equipped to provide these services as not all contractors are. Other contractors were contacted but could not be reached. Furthermore, a HePS was done requesting quotes for helicopter services. Airborne Aviation was awarded the HePS. However, fire suppression was not on the list of services required (see attached). Therefore, there was no contract with any aviation company to provide fire suppression services. Current and future contracts shall include fire suppression services.

8. Identify the primary individual(s) who is knowledgeable about this request, who will conduct and manage this process, and has 1) appropriate written delegated procurement authority; 2) completed mandatory training; and 3) who SPO may contact for follow up inquiry, if any.
