

STATE PROCUREMENT OFFICE
EMERGENCY PROCUREMENT

15 APR 23 A7 54

ADMINISTRATION
STATE PROCUREMENT OFFICE
STATE OF HAWAII

TO: Chief Procurement Officer

FROM: DLNR/Division of Boating and Ocean Recreation - Maui District Office
Name of Requesting Department

Pursuant to HRS § 103D-307 and HAR chapter 3-122, Subchapter 10, the Department requests approval for the following:

1. Date or period of Emergency: February 13 through 15, 2015	2. After-the-Fact: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
--	--

3. Describe in detail the emergency situation that created a threat to life, public health, welfare or safety.

During a period of increasing winds, wind waves and north swells a vessel moored off shore broke its mooring. The National Weather Service had also issued a small craft advisory. The vessel ran aground off Baby beach, west of the Mala boat ramp, and, with the high surf and wind, was in danger of breaking up. This would have discharged oil, fuel, and other hazardous substances and materials that would have damaged the environmentally sensitive coastline, coral, and wildlife. Additionally, debris would be scattered throughout the area and endanger the non-boating public and expose them to injury on land and in the water.

4. Vendor/Contractor/Service Provider Name: D & D Towing Inc.	5. Amount of Request: \$ 5,885.44
--	--------------------------------------

6. Describe in detail the emergency goods, services, or construction and explain why it is necessary.

The emergency services provided by the contractor included equipment, material and labor to remove a grounded sail vessel from the fringing reef of the waters off of Baby beach. Grounded vessels pose a risk to the environment with damage to live rock and coral; pollution through discharge of fuels and oils; and, as the vessel breaks up, may become a hazard to navigation. Marine debris scattered throughout the area and along the coastline become a hazard, causing damage to property and injury to persons entering the water and walking on the shoreline.

7. State the reason(s) the vendor/contractor/service provider was selected. Explain what competition, as is practicable, was conducted.

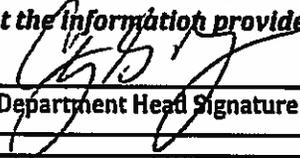

Because of the high surf and seas and the danger of the vessel breaking up and fouling the environment, it was necessary to remove the vessel immediately. Several of the salvage companies are located in Honolulu and were not immediately available. Additionally, their travel time would delay removal and would possibly result in the vessel breaking up and creating more widespread damage to the environment and further endangering the public. It would also make the salvage more expensive. A compliant vendor was found that was immediately available to secure the grounded vessel from further damage to its hull and surrounding live rock and coral.

8. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required.)

*Point of contact (Place asterisk after name of person to contact for additional information.)

Name	Division/Agency	Phone Number	E-mail Address
Paul K. Sensano*	DLNR DOBOR- Maui District	808 243-5899	paul.k.sensano@hawaii.gov

All requirements/approvals and internal controls for this expenditure is the responsibility of the department. I certify that the information provided is to the best of my knowledge, true and correct.

For Chief Procurement Officer Use Only

Chief Procurement Officer (CPO) Comments:

Approval is granted based on the department's determination that immediate action was necessary to remove the grounded vessel which may result in a threat to life, public health and safety. Pursuant to HRS section 103D-310(c) and HAR section 3-122-112, the procuring officer shall verify compliance (i.e., vendor is required to be compliant on the Hawaii Compliance Express ("HCE")) for all contracts awarded, and the award is required to be posted on the Awards Reporting system. Copies of the HCE certificate and awards posting are required to be documented in the procurement/contract file.

If there are any questions, please contact Stanton Mato at 586-0566, or stanton.d.mato@hawaii.gov.

Approved Disapproved No Action Required
