STATE PROCUREMENT OFFICE
EMERGENCY PROCUREMENT

ADMINISTRATION
STATE PROCUREMENT OFFICE
STATE OF HAWAII

TO: Chief Procurement Officer

FROM: DLNR - DOBOR Oahu District
Name of Requesting Department

Pursuant to HRS § 103D-307 and HAR chapter 3-122, Subchapter 10, the Department requests approval for the following:

1. Date or period of Emergency: 7/26/2015
2. After-the-Fact: [X] Yes [] No

3. Describe in detail the emergency situation that created a threat to life, public health, welfare or safety.
On Sunday, 07/26/15, we were notified that there was a 38' fiberglass sailing vessel "NAI A", Doc. No. 641204 that went aground on the reef directly off of the 800 row at the Ala Wai Small Boat Harbor. The 38' vessel grounded on the reef right inside of the surf zone. The vessel was not secured and was being pushed by the extremely high surf to the very active and crowded beach. The rigging lines and sails were coming apart and items were being tossed from the vessel further endangering the general public. The surf was 8' - 10' that day which elevated the arrival time of the vessel onto the shoreline and the beach and we had to act quickly to ensure health and safety of the public.

4. Vendor/Contractor/Service Provider Name: Parker Marine Worldwide
5. Amount of Request: \$ 20,594.79

6. Describe in detail the emergency goods, services, or construction and explain why it is necessary.
See above description. DOBOR was unable to get 3 bids from vendors as the extremely high surf was moving the vessel, rigging and parts towards the shoreline. This endangered the health and safety of the general public and the safety of the natural resource. As a result, Parker Marine was immediately hired to secure the vessel from coming into shore and to secure the rigging and lines that were becoming a hazard to the general public and the natural resource. Parker Marine was able to secure the vessel from coming onto the shoreline and removed all rigging and lines to prevent swimmers and ocean users from being tangled and injured. Parker Marine removed and disposed of the entire 38' sailing vessel safely from the ocean waters.

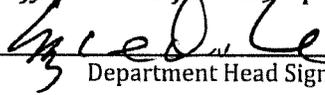

7. State the reason(s) the vendor/contractor/service provider was selected. Explain what competition, as is practicable, was conducted.
See above

8. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required.)

*Point of contact (Place asterisk after name of person to contact for additional information.)

<u>Name</u>	<u>Division/Agency</u>	<u>Phone Number</u>	<u>E-mail Address</u>
Meghan Statts* 	DLNR - DOBOR	808-832-3520	meghan.l.statts@hawaii.gov

All requirements/approvals and internal controls for this expenditure is the responsibility of the department.
I certify that the information provided is to the best of my knowledge, true and correct.

For Chief Procurement Officer Use Only

Chief Procurement Officer (CPO) Comments:

Approval is granted based on the department's determination that immediate action was necessary to remove the grounded vessel, which may have resulted in a threat to public health and safety at the Ala Wai Small Boat Harbor. Pursuant to HRS §103D-310(c) and HAR §3-122-112, the procuring officer shall verify compliance (i.e., vendor is required to provide proof of compliance and may use the Hawaii Compliance Express) and award is required to be posted on the Awards Reporting System. Copies of compliance and awards posting are required to be documented in the procurement/contract file.

If there are any questions, please contact Stacey Kauleinamoku at 586-0571 or stacey.l.kauleinamoku@hawaii.gov.

Approved Disapproved No Action Required
