STATE PROCUREMENT OFFICE EMERGENCY PROCUREMENT REQUEST

STATE PROCUREMENT OFFICE
STATE OF HAWAII

1. TO: Chief Procurement Officer

2. FROM: Natural Energy Laboratory of Hawaii Authority / DBEDT

Department/Division/Agency

Pursuant to §103D-307, HRS, and Subchapter 10, Chapter 3-122, HAR, the Department requests approval for the following:

3. Date January 17, 2007

4. After the fact YES NO

5. Nature of the Emergency

NELHA's 18" Deep Seawater Pipeline was damaged by the October 15, 2006 earthquake and subsequently severed at the shoreline by large storm swells in early December. The 18" pipeline is a source of cold, deep seawater for commercial and research at NELHA. Severing of the pipeline has caused further damage to additional lengths of submerged pipe that resulted in shutting the pipeline down and required immediate stabilization and repairs. Although NELHA can supply cold seawater to its tenants from another pipeline, shutting the 18" pipeline down has created a vulnerable situation with no backup.

6. Vendor: Jacks Diving Locker
Address: 75-5813 Alii Drive
Kailua-Kona, Hawaii 96740-1311

7. Price:
\$10,828.16

8. Description of goods, services, or construction to be purchased

Provide immediate emergency inspection dives and video documentation of the damaged pipeline. Based on results of the video, immediately remove a 40 ft. length of damaged and loose pipe to prevent it from being destroyed by winter swells. Stabilize the next length of submerged pipeline by installing hold down brackets and assemblies between the pipeline and the ocean bottom. The hold down assemblies is fastened to the reef with anchor bolts drilled and cemented into the hard bottom substrate. The remainder of the repairs will be conducted at a later date through an Invitation to Bid (IFB) process.

9. Reason for Vendor Selection

Vendor was the only contractor able to respond immediately to survey and stabilize the pipeline to prevent further and costly damage. Two other vendors were called and either did not have the necessary equipment to perform the work or were not available within the timeframe required. NELHA has had previous and favorable working experience with Jacks Diving Locker.

October 17, 2006

The Honorable Linda Lingle
Governor of Hawaii
State Capitol
Honolulu, Hawaii 96813

Dear Governor Lingle:

I have declared a major disaster under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5206 (the Stafford Act), for the State of Hawaii due to damage resulting from an earthquake that occurred on October 15, 2006, and related aftershocks. I have authorized Federal relief and recovery assistance in the affected area.

Assistance for debris removal and emergency protective measures (Categories A and B), including direct Federal assistance under the Public Assistance program, and Hazard Mitigation will be provided. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Public Assistance and Hazard Mitigation will be limited to 75 percent of the total eligible costs in the designated areas.

The Department of Homeland Security, Federal Emergency Management Agency (FEMA), will coordinate Federal assistance efforts and designate specific areas eligible for such assistance. The Federal Coordinating Officer will be Mr. Michael L. Karl of FEMA. He will consult with you and assist in the execution of the FEMA-State Agreement for disaster assistance governing the expenditure of Federal funds.

Sincerely,

George W. Bush
