EMERGENCY PROCUREMENT**

ADMINISTRATION  
STATE PROCUREMENT OFFICE  
STATE OF HAWAII

TO: Chief Procurement Officer

FROM: Department of Agriculture  
*Name of Requesting Department*

Pursuant to HRS § 103D-307 and HAR chapter 3-122, Subchapter 10, the Department requests approval for the following:

1. Date or period of Emergency: 8/12- Current 2016	2. After-the-Fact: <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
--	--

3. Describe in detail the emergency situation that created a threat to life, public health, welfare or safety.  
 A site-visit, notification and investigation by the City and County Storm Water Quality Branch 8/12-15/16 was made regarding a sewage water leak. Leakage of sewage water from Animal Quarantine Station (AQS) animal kennels wastewater off of AQS property was identified. Although effluent was clear, sewage water originates from animal kennel drains and cleaning activities. City and County issued order to halt leakage immediately to leak runoff into stream. Steps had to be taken to stop overflow.

4. Vendor/Contractor/Service Provider Name: O & M Enterprises	5. Amount of Request: \$ 5,850
--	-----------------------------------

6. Describe in detail the emergency goods, services, or construction and explain why it is necessary.  
 In response to leakage of sewage water from Animal Quarantine Station (AQS) animal kennels wastewater off of AQS property, the Contractor performed multiple visits to resolve the issue including well clean out, pumping and installation of pump, on generator power, to increase flow from wet well to grit chamber and augment gravity flow. Installed system to be monitored and maintained by the contractor until permanent fix can be completed. ( Additional system circuit electrical fault work however, requires correction for lasting solution.) Cost includes installation and monitoring of set-up for 30 days.

7. State the reason(s) the vendor/contractor/service provider was selected. Explain what competition, as is practicable, was conducted.  
 The selected vendor has a contract for sewage facility maintenance and is familiar and experienced with the existing sewage system for the AQS, The services provided in number 6 above are not a part of the routine scope of services in the contract. It was not practicable to obtain quotes from other vendors.

8. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required.)

Chief Procurement Officer (CPO) Comments:

Approval is granted based on the department's determination that immediate action was necessary to stop the sewage leak runoff from entering the stream, as it created a threat to the public's health and safety. Pursuant to HRS §103D-310(c) and HAR §3-122-112, the procuring officer shall verify compliance (i.e. vendor is required to provide proof of compliance and may use the Hawaii Compliance Express) and the award is required to be posted on the Awards Reporting System. Copies of compliance and the award posting are required to be documented in the procurement/contract file.

SPO does not have a record of emergency procurement delegation for Mary Tashiro. Department is reminded that only employees with applicable procurement delegation and training are permitted to conduct and participate in procurement activities.

It is also recommended that in future solicitations for sewage maintenance that the contract include a provisions for emergency work.
