

**STATE PROCUREMENT OFFICE**  
**NOTICE OF REQUEST FOR EXEMPTION**  
**FROM HRS CHAPTER 103D**

11 NOV 29 8:15

STATE PROCUREMENT OFFICE  
 STATE OF HAWAII

**TO:** Chief Procurement Officer

**FROM:** State Laboratories Division, Department of Health  
*Name of Requesting Department*

**SUBJECT:** Request for Exemption

Pursuant to HRS §103D-102(b)(4) and HAR Chapter 3-120, the Department requests a procurement exemption for the following:

1. Describe the goods, services or construction. Qiagen Extraction kits for RNA, DNA, Blood DNA, RNeasy, One-Step Reverse Transcriptase (RT)- PCR (Polymerase Chain Reaction), Quantitect Probe RT-PCR kits, DNA PCR kits including peripheral consumables and accessories that comes with the kits.	
2. Vendor/Contractor Name : Qiagen Inc., 27220 Turnberry Lane, Suite 200, Valencia, CA 29 NOV 11 date 91355	3. Amount of Request: \$ 50,000.00
4. Term of Contract: From: <del>31 Oct 11</del> To: 10/30/2012	5. Prior Exemption Reference No.:
6. Explain in detail, why it is not practicable or not advantageous for the department to procure by competitive means: When we procure Qiagen products directly from Qiagen, the manufacturer ensures that we can avail of their technical support in the event that some of their products have manufacturing issues. Without going through a middleman to resolve technical issues will significantly reduce the turn-around time to fix the problem we may have with their product (s). More importantly, since we are part of the National Laboratory Response Networks (NLRN), we are required to perform standardized Qiagen extraction protocols by the CDC, by the Food Emergency Response Network (FERN) and the National Animal Health Laboratory Network (NAHLN) for the detection of threat agents to ensure that our results are comparable with national reference and network laboratories. Qiagen products have performed well in all our validation studies and have demonstrated consistent results.	
7. In selecting the vendor/contractor, explain in detail, the process the department will utilize to maximize fair and open competition: The vendor, Qiagen Inc., is the manufacturer. CDC, FERN and NAHLN require the use of Qiagen extraction products to standardize the performance of Laboratory Response Network (LRN), FERN and NAHLN laboratories.
