STATE PROCUREMENT OFFICE

NOTICE OF REQUEST FOR EXEMPTION FROM HRS CHAPTER 103D

14 NOV 25 P1:45

ADMINISTRATION
STATE PROCUREMENT OFFICE
STATE OF HAWAII

TO: Chief Procurement Officer

FROM: Health, CDPHND, Tuberculosis Control Branch
Name of Requesting Department

Pursuant to HRS § 103D-102(b)(4) and HAR chapter 3-120, the Department requests a procurement exemption for the following:

1. Describe the goods, services or construction:

Tuberculosis Drugs: Medications are distributed based on the program's physicians' written orders, based on their examination and review of the patients' diagnostic tests and/or x-rays.

2. Vendor/Contractor/Service Provide	See Attached List	3. Amount of Request: $ 440,000
4. Term of Contrac From: 1/1/2015 To: 12/31/2015		5. Prior SPO-007, Procurement Exemption (PE): 14-035I

6. Explain in detail, why it is not practicable or not advantageous for the department to procure by competitive means:

The Tuberculosis (TB) Control Branch is a participant in the 340B Drug Pricing Program which resulted from the enactment of Public Law 102-585, the Veterans Health Care Act of 1992. The 340B Drug Discount Program is managed by the Health Resources and Services Administration (HRSA) Office of Pharmacy Affairs (OPA). A section of the Act creates a program wherein drug manufacturers must provide statutory discounts for covered outpatient drugs to agencies receiving grant funds related to the treatment of TB through a state or local government. Participation in the Program results in significant savings estimated to be 20% to 50% on the cost of pharmaceuticals for safety-net providers. The results are cost effective to the TB program's operations. This federal program has already conducted the bid process to identify which pharmaceutical manufacturers have been authorized to participate in this program. The HRSA program has its own criteria of what types of entities are able to participate in this program and it is not open to the general or retail market.

7. Explain in detail, the process that will be or was utilized in selecting the vendor/contractor/service provider:

The process utilized in selecting the vendors is the 340B Drug Pricing Program, managed by the Office of Pharmacy Affairs (OPA), Health Resources and Services Administrations (HRSA) of the federal government. As a participant in this program, manufacturers provide us with statutory discounts for covered outpatient TB drugs. The TB Branch also utilizes SPO Price List Contract No. 12-09, Pharmaceutical Product, Prime Vendor Distribution Services, MMCAP Contract No. MMS 10000.

Inquiries about this request shall be directed to the contact named in No. 8. Submit written objection to this notice to issue an exempt contract within seven calendar days or as otherwise allowed from date notice posted to:

state.procurement.office@hawaii.gov

Chief Procurement Officer (CPO) Comments:

Approval is granted with the understanding that the department determined that it is not advantageous to conduct a competitive procurement for tuberculosis drugs because the Federal Act requires manufacturers to extend its deepest discounts to qualified programs, which is made available as Health Resources and Services Administration (HRSA) list of vendors. This approval is for the period 1/1/15-12/31/15 for tuberculosis drugs and for the solicitation process only. HRS section 103D-310(c) and HAR section 3-122-112, shall apply (i.e. vendor is required to be compliant on the Hawaii Compliance Express) and award is required to be posted on the Awards Reporting System.

If there are any questions, please contact Bonnie Kahakui at 587-4702, or bonnie.a.kahakui@hawaii.gov.
