STATE PROCUREMENT OFFICE NOTICE OF AMENDMENT TO EXEMPTION FROM CHAPTER 103D, HRS, CONTRACT

1. TO: Chief Procurement Officer

2. FROM: DBEDT/NELHA/CEROS
Department/Division/Agency

3. Name of Contractor: BBN Technologies Corporation

4. P.E. Reference No. 06-11-C

5. Description of goods, services, or construction:
Under the federally-funded CEROS program, the contractor is continuing the development, expanding the capabilities, and demonstrating an improved off-board sonobuoy networking capability that increases channel capacity and can additionally receive Air-deployable Acoustic Receiver (ADAR)-type sonobuoy signals.

6. Scope of work for the contract is revised as follows:
In addition, the contractor will extend the system capability by adding an uplink capability and demonstrate the upgraded system in a lighter than air platform during a field test. The original period of performance, November 7, 2006 to November 6, 2007, would be extended through June 6, 2008.
Original Contract Price: \$372,855 Amended Contract Price: \$477,836

7. Reason: This / These amendment(s) are necessary because:
CEROS has identified an opportunity to leverage the ongoing BBN efforts, with limited additional resources, to demonstrate a significant use of the system for the U.S. Navy. The expanded scope of work will capitalize on near term opportunities with the concept of a "replenishable" near-space-balloon having emerged as a central concept of operation for transition sponsors.

8. Direct questions to: Donna Mau, CEROS Phone: 587-5500

Agency shall ensure adherence to applicable administrative and statutory requirements.
