5. Description of goods, services, or construction:  
Provide daily harbor tug services at Kahului Harbor, Maui, including labor, equipment, fuel and material for tug services to support Hawaii Superferry's (HSF's) loading and unloading operations, and monitoring of the soft line mooring system during ferry operations by holding the barge steady against the pier. Estimated on-barge duration to hold it steady is 3 hours per day. Services to commence on or about 04-02-08 to allow HSF to resume operations, load and unload passengers and vehicles.

6. Scope of work for the contract is revised as follows:

Original Contract Price: \$350,000 Amended Contract Price: \$700,000

7. Reason: This / These amendment(s) are necessary because:  
It was originally anticipated that HSF would resume service in late April 2008 following the completion of vessel repairs.
