

**STATE PROCUREMENT OFFICE  
NOTICE OF AND REQUEST FOR EXEMPTION  
FROM CHAPTER 103D, HRS**

1. TO: Chief Procurement Officer  
2. FROM: DAGS/Division of Public Works/Project Management Branch

Department/Division/Agency

Pursuant to §103D-102(b)(4), HRS, and Chapter 3-120, HAR, the Department requests a procurement exemption to purchase the following:

3. Description of goods, services or construction:

DAGS Public Works has contracted Retro-Commissioning (RCx) consultants to test building systems and observe various State buildings' operation and maintenance strategies in an attempt to find cost effective improvements that can be implemented by an Owner's maintenance staff and service contractors.

The RCx process reports and prioritizes repair deficiencies, listing controls and maintenance items for Air Conditioning and Ventilation Equipment. Some of the cited work is already defined and included as required services in the current maintenance service Contract No. 54901 with Honeywell International, Inc.

This request seeks approval to allow provision of additional, similar and related minor repair services by Honeywell for RCx repair items cited, but currently excluded from the existing contract for the following buildings: Kalanimoku Building, Kapolei Building, Kekuanaoa Building, Keelikolani Building, Liliuokalani Building, No. 1 Capitol District building, State Capitol building, and State Office Tower.

Some repair examples from the Keelikolani Building RCx Engineer's Opinion of Probable Cost are:

a.	Replace 5 each failed Air Handler Unit pneumatic controllers, labor and materials.	\$4,602
b.	Replace 1 each Air Handler Unit control valve, labor and materials.	\$ 549
c.	Repair 4 each Outside Air Supply Fans, labor and materials.	\$3,089

Note: A similar and separate request for exemption will be requested for work on the controls of the air conditioning and ventilation systems. The current controls maintenance service contractor is American Controls & Equipment, Inc.

4. Name of Vendor: Honeywell International, Inc. Address: 250 Ward Avenue, #100 Honolulu, Hawaii 96814	5. Price: Estimated \$50,000 per building
6. Term of Contract: From: <del>9/11/08</del> <sup>9/16/08</sup> <i>Jto</i> To: 6/30/09	7. Prior Exemption Ref. No. 0

8. Explanation describing how procurement by competitive means is either not practicable or not advantageous to the State:

See Attached

8. Explanation describing how procurement by competitive means is either not practicable or not advantageous to the State:

The current vendor succeeded in obtaining a contract with the State by bidding for furnishing Guaranteed Maintenance Service, Water Treatment Service, 10,000-hour Overhauls, Chiller Eddy Current Testing of Air Conditioning and Ventilation Equipment at Various (14) State Buildings on Oahu under care of DAGS, Central Services Division, from July 1, 2006 to June 30, 2007 with extension options of 12 months increments, exercisable up to 3 times by mutual consent. The current contract has been extended to June 30, 2009. The buildings are:

AAFES Building	Kapolei Building
Aliiimoku Hale (DOT)	Keelikolani Building
Diamond Head Health Center	Kekuanaoa Building
Hale Auhau Building	Liliuokalani Building
Hawaii State Library	No. 1 Capitol District Building
Kalakaua Building	State Capitol Building
Kalanimoku Building	State Office Tower

Another service and maintenance contract is not recommended for resolicitation for the following reasons:

a. A complex master contract (above) is in place, where:

- 1) The required services can best be performed by Honeywell, who is familiar and knowledgeable of the buildings facilities, and thereby will be the most efficient.
- 2) By using the current contractor, responsibility for the quality of work cannot be disputed by another contractor.
- 3) The current service and maintenance contract has provisions for performance of extra work with established labor rates, and with specified subcontractor and material markups.

b. The RCx projects would be crucially less effective, if repairs are delayed by the extensive time required to prepare solicitation documents and for bidding the additional work. Repairs are needed in a timely manner in order for the RCx process to continue and building systems retested for final reporting.

**REQUEST FOR EXEMPTION FROM CHAPTER 103D, HRS (Cont.)**

9. Details of the process or procedures to be followed in selecting the vendor to ensure maximum fair and open competition as practicable:

The vendor was properly selected under Chapter 103D, HRS in compliance with Section 3-122-16, Hawaii Administrative Rules. They met the requirements of Invitation For Bids No. IFB-06-078-O dated May 19, 2006 and subsequently awarded Contract No. 54901.

10. A description of the agency's internal controls and approval requirements for the exempted procurement:

- a. Request cost estimate and breakdown from Honeywell for non-contract RCx minor repair items.
- b. Review cost proposal for consistency with existing contract provisions for extra work, and where appropriate, recommend and obtain administrative approval.
- c. Issue Purchase Order(s) authorized properly and in accordance with procurement rules.
- d. Limit the total cost of repair per building to approximately \$50,000. Major work cited by the RCx reports will be competitively bid.

12. A list of agency personnel, by position, who will be involved in the approval process and administration of the contract:

Name	Position	Involvement in Process	
Dean Shimomura	Branch Chief	<input type="checkbox"/> Approval	<input checked="" type="checkbox"/> Administration
Various	Project Coordinators	<input type="checkbox"/> Approval	<input checked="" type="checkbox"/> Administration
Eric Nishimoto	Branch Chief	<input checked="" type="checkbox"/> Approval	<input type="checkbox"/> Administration
Ernest Y.W. Lau	Administrator	<input checked="" type="checkbox"/> Approval	<input type="checkbox"/> Administration
		<input type="checkbox"/> Approval	<input type="checkbox"/> Administration
		<input type="checkbox"/> Approval	<input type="checkbox"/> Administration

13. Direct inquiries to: Department: DAGS Division of Public Works  
 Contact Name: Clifford Leong  
 Phone Number: 586-0473  
 Fax Number: 586-0530

Agency shall ensure adherence to applicable administrative and statutory requirements

14. *I certify that the information provided above is, to the best of my knowledge, true and correct.*
