STATE PROCUREMENT OFFICE
NOTICE OF AND REQUEST FOR EXEMPTION
FROM CHAPTER 103D, HRS
STATE OF HAWAII

1. TO: Chief Procurement Officer

2. FROM: HEALTH / Disease Outbreak Control Division [DOCD] *DB*

Department/Division/Agency

Pursuant to §103D-102(b)(4), HRS, and Chapter 3-120, HAR, the Department requests a procurement exemption to purchase the following:

3. Description of goods, services or construction:

The Disease Outbreak Control Division seeks to purchase influenza test kits based on the manufacturer's availability of product and the capabilities of the test kits such as length of time to obtain results and the completeness and accuracy of the information made available from the test.

4. Name of Vendor: Various vendors as available

Address:

5. Price:

Estimate \$16,950.00
dependent on supply

6. **(no contract anticipated)**

Term of Contract: From: **upon CPO approval** To: 12-month period

7. Prior Exemption Ref. No.

08-008-C

8. Explanation describing how procurement by competitive means is either not practicable or not advantageous to the State:

The manufacturers of test kits may change from year to year making it necessary for the program to assess the test kits available just prior to each influenza season. The number of test kits needed for a flu season varies depending upon the amount of surveillance private physicians are willing to participate in. This in turn affects the total cost expended by the program to support the surveillance. Depending on the amount of surveillance during any influenza season, Disease Outbreak Control Division may find it necessary to purchase outside of 103D. Surveillance is crucial to spotting disease trends in order to minimize community epidemics.

9. Details of the process or procedures to be followed in selecting the vendor to ensure maximum fair and open competition as practicable:

Vendors will be selected only if they have test kits that meet the above criteria and can ship the kits as needed by the program.

10. A description of the agency's internal controls and approval requirements for the exempted procurement:

The Division will follow the approved method of purchasing with Purchase Orders or PCards from any vendor meeting the above criteria.
