

STATE OF HAWAII
 NOTICE OF AND REQUEST FOR
 RESTRICTIVE PURCHASE OF SERVICE
 PURSUANT TO §103F-403, HRS

'07 MAY -2 P3:01

ADMINISTRATION
 STATE PROCUREMENT OFFICE

To: Chief Procurement Officer

From: Department of Human Services, BESSD
Department/Division/Branch or Office

Pursuant to §103F-403, HRS, and Chapter 3-144, HAR, the department head has made a determination that an adequate basis for a restrictive purchase of services exists and requests approval to make a restrictive purchase for the following:

1.	Title and description of health and human service(s):	The service provides for an agency to develop policy recommendations for the State concerning a coordinated early childhood education and care system, which includes coordination strategies, resource development, and advocacy to promote the awareness and creation of activities that support the overall goal of young children being safe, healthy, and ready to learn. This service has also provided the State with research-based information on early childhood education and care, both nationally and locally; data about how our State compares to national trends; and facilitates partnerships between private organizations and public agencies to insure that the State continues to progress towards a coordinated system for young children.	
2.	Provider Name and Address:	Good Beginnings Alliance 33 South King Street, Suite 200 Honolulu, HI 96813	
3.	Total Contract Funds per year: ^{NS}	\$400,000	
Total	Contract Funds per Year (if applicable):	\$400,000	\$1,200,000 ^{NS}
4.	RH No. of Previous Request for this Service (if applicable)	Not applicable	
5.	Term of Contract:	Start: 7/1/07	End: 6/30/10
If the contract term is longer than 1 year, provide justification for the extended term: The request is for three 12-month periods, not to exceed 6/30/10. The rationale for the expiration of the year 2010 is that the provisions of Act 77 is to be repealed effective 6/30/10.			
6.	Describe the circumstances justifying a restrictive purchase: The Good Beginnings Alliance is recognized by the State Legislature and early childhood organizations and professionals within our State as the sole entity responsible for the coordination, facilitation and monitoring of all early childhood education and care data, activities, and research for our State, as well as providing information about current research and relevant information from a national perspective to our State. If the service is not procured, it is unlikely that there is another private organization or public agency that would be able to conduct the services to insure that our State continues to move forward within a coordinated system towards the goal of having young children be safe, healthy, and ready to learn.
