6. Describe the circumstances justifying a restrictive purchase:

The Salvation Army Family Treatment Services is the only licensed program in Hawaii that provides residential substance abuse treatment services for women and children. This program has been in existence for 26 years and has the staff, facility, existing support and experience to provide the comprehensive array of residential treatment services the DHS is seeking. Also, the limited amount of funding available does not make it feasible for an agency to secure a site, create and develop a program and provide services immediately or in the near future.

7. Describe the efforts and results in determining that this is the sole provider who can render services. Include approximate dates:

On March 9, 2009, the DHS, Purchase of Service (POS) Unit contacted the Office of Health Care Assurance under the Department of Health (DOH). Assistance was provided by Ada, who confirmed that according to their records, The Salvation Army's Women's Way is the only licensed program offering residential treatment services for women and their children.

On March 9, 2009, the DOH, Alcohol Drug Abuse Division (ADAD), was contacted to obtain information about residential treatment service providers for women and their children. Terri Nakano, Program Specialist, confirmed that The Salvation Army's Women's Way is the only program offering residential substance abuse treatment services for women and children.

8. List state agency personnel, by position title, who will be involved in the approval process and administration of the contract:

Suzanne Hull, POS Program Specialist*
Jacob Heffernan, POS Supervisor*
Randy Fonseca, Federal Revenue and Program Support Administrator*
