AMHD Housing Quality Standards

AMHD

ADULT MENTAL HEALTH DIVISION

HOUSING QUALITY STANDARDS

The goal of the Adult Mental Health Division (AMHD) Community Housing Program is to provide safe, decent and affordable supported housing options for eligible consumers. To help accomplish this the program has developed the following basic housing quality standards (HQS) which all AMHD-contracted housing units must meet and maintain throughout the contracted term of service. The HQS outlined here apply to all levels of residential support authorized for AMHD consumers including licensed treatment settings such as the Licensed Crisis Residential Services (LCRS), Specialized Residential Services Program (SRSP) and Therapeutic Living Program (TLP), as well as other forms of community housing, including Group Homes and Semi-independent Housing.

Providers operating residential sites which are required to be licensed by the Office of Healthcare Assurance (OHCA) may be subject to additional standards or requirements that are not listed here and are subject to all standards and requirements, whether or not they are listed here. Providers with licensed facilities are strongly encouraged to seek guidance from OHCA on any additional requirements or standards.

The AMHD will conduct inspections of residential sites on a schedule determined by AMHD to be most appropriate for the site, level of care and general condition of the site from previous inspections. At a minimum, a site will be inspected for compliance with HQS before the site is authorized for occupancy by any AMHD consumers. Following an initial inspection, future on-site inspections will occur every year, every two years or every three years based upon the overall quality and maintenance of the site by the owner or service provider, except that residential sites licensed by OHCA may be required to be inspected on an annual basis in order to maintain licensure. Following an inspection, the provider will receive a copy of the inspection results, along with any recommendations for improvement, or corrective actions required for continued certification. Only sites that have been certified as meeting the AMHD HQS will be authorized to provide residential support for AMHD consumers.

Irrespective of the results of any inspection or future inspection dates, if substantial damages occur to any residential property which may potentially affect the health or safety of residents, or otherwise contribute to an uncomfortable or detrimental living condition for the resident(s), the provider must report the occurrence to AMHD and begin efforts immediately to repair the damage or correct the condition.

Complaints or concerns sent to AMHD from any stakeholder, including Consumers (residents), case managers, family members or others may trigger an un-announced site visit to inspect the property. In most cases an attempt will be made to provide a courtesy notification to the provider prior to the inspection however AMHD reserves the right to inspect any housing site without notice, at any time, for any reason.

Whether a site is owned by or leased by the contracted provider, the contracted provider remains ultimately responsible for ensuring that a site authorized for occupancy by AMHD consumers meets all AMHD HQS. Residential site inspections may be completed by AMHD staff or by other personnel authorized by AMHD. Conditions which require specific expertise including, but not limited to, those of an electrical, plumbing, wastewater or structural integrity nature, which are deemed to be necessary to ensure the health, safety or welfare of the residents may require inspection by licensed professionals. Such inspections will be scheduled and completed at the Provider's expense. AMHD HQS may be revised by AMHD at any time. AMHD HQS include but are not necessarily limited to the following areas:

- A. General living area;

Additional refrigeration capacity may be necessary depending on the size of the unit and number of residents. A microwave oven may be added for convenience and additional capacity for heating food/beverages.
2. All equipment and appliances must be operational and be clean and well-maintained.
3. The group home must have an oven and a stove or range top:

- i. Hot plates are not acceptable substitutes for a stove or range.
 - ii. The oven must heat and all burners on the stove or range must work.
 - iii. All oven, stove or range knobs must be present and be clearly labeled.
4. A microwave oven may be substituted for an oven and stove or range in Single Room Occupancy (SRO) units such as those found in a boarding house or other similar setting, where there is a central kitchen area for meal preparation.
5. The refrigerator must be capable of maintaining a temperature low enough to keep food from spoiling (between 32° F and 40° F).
6. If the refrigerator is not a combination unit with a built in freezer compartment, a freezer must be provided in order to provide adequate food storage options and capacity. The freezer must maintain a temperature of 32° F or lower.
7. A thermometer is required in each refrigerator and freezer space and should be placed in a visible location.
8. The dwelling unit must have a kitchen sink in proper operating condition.

 - v. Obvious signs of leaks, dampness or standing water in or around the sink area must be repaired immediately in order to not allow the potential for the growth of mold, mildew, bacteria or other unsanitary conditions.
9. The unit must have adequate space for storage, preparation, and serving of food. Adequate amounts of space are determined, in large part, by the number of residents in the unit and the need to be able to store, prepare and serve/consume meals comfortably.
10. Each resident should be provided adequate space where their own food or condiments can be separately stored. This may be accommodated through cabinetry built into the unit, or through provision of auxiliary shelving or cabinets.
11. Kitchen waste and food scraps must be kept in a sanitary manner while waiting disposal. At least 1 garbage can with a lid must be provided in or close by the kitchen area, and must not be allowed to accumulate waste to the point where the

lid will not close or waste spills out onto the floor. The area around the garbage can must be kept clean and sanitary at all times.

12. Ant trails or other obvious signs of pest or rodent activity must be addressed immediately and steps taken to decrease the occurrence or likelihood of additional pest activity.
13. Electrical outlets in kitchen areas adjacent to or in proximity of a source of water must be of a ground fault interrupter type.

D. Storage and disposal of household waste:

Household waste must be managed in a way that minimizes unsightly, unpleasant or unsanitary conditions.

1. Waste being temporarily held in the unit, such as in the kitchen, bathroom or other general living area must be kept from accumulating or spilling out of the waste receptacle and must be removed on a regular basis so that unpleasant odors, pests, rodents or other unsightly or unsanitary conditions do not arise.

4. The area set aside for temporary holding of waste awaiting disposal must be kept clean and orderly so as not to encourage or permit the presence of pests or rodents.
5. Household waste must be removed from the site on a regular basis, either through routine pickup with a city, county or private agency contracted for waste removal, or by delivery of the waste to a landfill or other area specifically set-aside for the receipt of household waste.
6. The site must remain free of heavy accumulations of trash, discarded furniture or other types of debris, including yard debris, at all times.
7. Dangerous materials and other chemicals including, but not limited to, fuel supplies, paint, oil, cleaners and solvents or other flammable or poisonous materials must be disposed according to federal, state or local code.

E. Physical space and security:

All residents must be afforded a reasonable level comfort, privacy and security for themselves and their personal belongings.

A bedroom used for a single occupant must be a minimum of 85 square feet, excluding closet space and a bedroom used for 2 residents must be a minimum of 120 square feet, excluding closet space.
5. Dormitory-style occupancy is not allowed in AMHD-contracted settings; bedrooms may not have more than 2 occupants.

11. Each room must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of occupants.
12. The dwelling unit must have sufficient electrical sources so occupants can use essential electrical appliances. 14. Multi-plug power strips may be used provided they are rated for the amount of electricity being used and are equipped with a surge protection switch. However, multiple power strips being used to significantly expand the number of outlets

beyond what the unit was built to provide is not allowed.

15. Individual extension cords may be used provided they are rated for the purpose and amount of electricity being used and that they are not draped over furniture or furnishings, placed under carpet, tile or other floor covering or are otherwise placed or used in a way that poses a safety hazard. Extension cords shall not be used as a substitute for permanent wiring and may not be affixed to structures, extend through walls or ceilings, be used in areas where they may be exposed to water or be otherwise used in a way not intended by the manufacturer.
16. High amperage electrical equipment including, but not limited to, refrigerators, freezers, stoves and ovens or clothes dryers must be plugged directly into a permanently installed outlet.
17. Appliances, electrical fixtures and other components including, but not limited to, kitchen appliances, lamps, television sets, stereos or vacuum cleaners must be in good repair. 20. The electrical system overall must be free of hazardous conditions, including exposed, un-insulated, or frayed wires; improper connections; improper insulation or grounding of any component of the system; overloading of capacity; or wires lying in or located near standing water or other unsafe places. The fuse- or breaker box must be accessible at all times and fuses/breakers must be clearly marked.
21. Smoke detectors shall be maintained in proper working condition at all times.
22. Smoke detectors shall be located in each bedroom, in hallways, in the general living area and in the kitchen. Residential units of more than one story shall have smoke detectors installed on each floor.
23. If hearing-impaired residents occupy the group home, a smoke detector with an alarm system designed for the hearing-impaired shall be provided in each bedroom occupied by a hearing-impaired resident.

24. Damage or other hazards associated with the structure including, but not limited to, large holes, loose surface materials, significant buckling or cracks in the walls, foundation or other supports, damage to the roof, windows, doors or other areas which could allow dirt or other pollutants, inclement weather or pests/rodents to penetrate the living areas, substantial damage to or irregularities in the electrical or plumbing systems or any other serious damage must be reported to AMHD immediately and necessary repairs to restore the structure must begin immediately.
25. The condition and equipment of interior and exterior stairs, halls, porches, and walkways must not present the danger of tripping and falling, and must not be used as a storage space for hoses, gardening or yard tools, boxes, trash cans, etc. Entrance and exit doors must remain unobstructed at all times.
26. Equipment or materials stored on-site for grounds maintenance including, but not limited to, hand tools or power tools, mowers, weed trimmers, fuel and oil supplies or cleaners must be securely stored in an area away from or separate from the General Living Areas.

30. Windows designed to be opened and used for fresh air and ventilation must have screens in good repair. Exterior entry/exit doors must have screen doors, maintained in good repair and which assist in keeping out pests or rodents.
31. Windows may not be fixed in a closed position unless they are not necessary for adequate ventilation and are not necessary as a means of emergency exit.
32. If air conditioning units are provided, they must be maintained in operable condition and be capable of adequately regulating the movement and temperature of the air.
33. If fans are provided they must be maintained in a safe and operable manner; electrical cords must be factory-equipped and the fan must have a ventilated cover on both sides.
34. Any instance of noxious or unpleasant odors, gases or other pollutants entering the unit must be fixed immediately.

6. **Parking on the site must not be of a volume or configuration which prohibits or otherwise interferes with access by emergency personnel, including police, fire or ambulance vehicles.**

7. **The site and neighborhood may not be subject to serious adverse environmental conditions, natural or manmade, such as dangerous walks or steps; instability; flooding, poor drainage, septic tank back-ups or sewage hazards; mudslides; abnormal air pollution, smoke or dust; excessive noise, vibration or vehicular traffic; excessive accumulations of trash; vermin or rodent infestation; or fire hazard.**

3. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the under-

signed, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

- (2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (If needed, Standard Form-LLL, "Disclosure of Lobbying Activities," its instructions, and continuation sheet are included at the end of this application form.)
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

4. CERTIFICATION REGARDING PROGRAM FRAUD CIVIL REMEDIES ACT (PFCRA)

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Form W-9 Request for Taxpayer Identification Number and Certification

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* above.

What is FATCA reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; do not leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account, list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9.

a. Individual. Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note. ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. Sole proprietor or single-member LLC. Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. Partnership, LLC that is not a single-member LLC, C Corporation, or S Corporation. Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. Other entities. Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(ii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

Line 3

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box in line 3.

Limited Liability Company (LLC). If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and in the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is a disregarded entity, do not check the "Limited Liability Company" box; instead check the first box in line 3 "Individual/sole proprietor or single-member LLC."

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on this page), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if Items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code* earlier.

Signature requirements. Complete the certification as indicated in Items 1 through 5 below.

1. **Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.
2. **Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out Item 2 in the certification before signing the form.
3. **Real estate transactions.** You must sign the certification. You may cross out Item 2 of the certification.
4. **Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" includes payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).
5. **Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4480 or submit Form 14039.

For more information, see Publication 4536, *Identity Theft Prevention and Victim Assistance*.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-368-4484. You can forward suspicious emails to the Federal Trade Commission at: sperr@ftc.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.
