Service Specifications

I. Introduction

A. Overview

The Governor of the State of Hawaii designated the Department of the Attorney General, State of Hawaii (hereinafter “Department”) to be the administrator for the STOP (Services-Training-Officers-Prosecutors) Violence Against Women Formula Grant Program.

STOP grants lay the foundation for on-going efforts to restructure and strengthen the criminal justice response to reduce violence against women. The emphasis of the STOP Program continues to be on the implementation of comprehensive strategies addressing violence against women that are sensitive to the needs and safety of victims and hold offenders accountable for their crimes. States are encouraged to carry out these strategies by forging lasting partnerships between the criminal justice system and victim advocacy organizations and by encouraging communities to look beyond traditional resources and to look to new partners, such as faith-based and community organizations, to respond more vigorously to domestic violence, sexual assault, and stalking crimes. The STOP Program requires and encourages collaboration among victim service providers, faith-based and community-based organizations, prosecutors, and police – those who encounter victims of domestic and sexual violence. The STOP Program was initially authorized under the Violence Against Women Act of 1994 and reauthorized and amended by the Violence Against Women Act 2000 and Violence Against Women Act 2005 (VAWA 2005). Several significant changes were made in the VAWA 2005 and are attached at the end of this section.

States must allocate 25 percent of the VAWA funds to law enforcement, 25 percent to prosecution, 5 percent to the Judiciary, and 30 percent to victim services of which at least 10 percent shall be distributed to culturally specific community-based organizations. The remaining 15 percent may be allocated at the State’s discretion within the parameters of the VAWA.

The funding for this RFP represents the discretionary portion of the STOP grant and a 25% match will be required.³

³ The discretionary allocation is not exempt from the match requirement even if awarded to nonprofit/non-governmental applicants. For law enforcement, prosecution, courts, and discretionary applicants, VAWA STOP funds may not be used to pay more than 75% of the costs of proposed projects. The remaining 25% must be provided by the applicant, in cash or in-kind. All funds designated as match are restricted to the same uses as the VAWA STOP Program funds and must be expended in the same period. Match cannot be derived from other Federal funds.

B. Stop Formula Grant Program – Federal Priorities

In shaping strategies, the Office on Violence Against Women (OVW) has set two overarching federal priorities in using the STOP Program funds. States are encouraged to develop and support projects to:

- implement community-driven initiatives, utilizing faith-based and community organizations, to address the needs of underserved populations as defined by VAWA, including people with disabilities and elder victims of domestic violence, sexual assault, and stalking.
- address sexual assault and stalking through service expansion; development and implementation of protocols; training for judges, other court personnel, prosecutors, and law enforcement; and development of coordinated community responses to violence against women.

C. Federal Statutory Eligibility Requirements of VAWA 2005

The State of Hawaii and its subgrantees must meet certain federal eligibility criteria established by the Violence Against Women and Department of Justice Reauthorization Act of 2005 (<http://www.usdoj.gov/ovw/regulations.htm>) and the Office of Justice Programs Financial Guide (<http://www.ojp.usdoj.gov/FinGuide/>) in order to receive STOP Program funds.

1. **Consultation with Victim Services Programs** – Tribes, local prosecution, law enforcement, and courts must consult with local victim services programs during the course of developing their grant applications in order to ensure that proposed activities and equipment acquisitions are designed to promote the safety, confidentiality, and economic independence of victims of domestic violence, sexual assault, stalking and dating violence.
2. **Non-disclosure of Confidential or Private Information** – In order to ensure the safety of adult, youth, and child victims of domestic violence, dating violence, sexual assault, or stalking, and their families, subgrantees shall protect the confidentiality and privacy of persons receiving services.

Subgrantees shall not disclose or reveal –

- a) Any personally identifying information or individual information collected in connection with services requested, utilized, or denied through subgrantees' programs; or
- b) Individual client information without the informed, written, reasonably time-limited consent of the person (or in the case of an unemancipated minor, the minor and the parent or guardian or in the case of persons with disabilities, the guardian) about whom information is sought, whether for this program or any other Federal,

State, tribal, or territorial grant program, except that consent for release may not be given by the abuser of the minor, person with disabilities, or the abuser of the other parent of the minor.

If release of information is compelled by statutory or court mandate subgrantees shall make reasonable attempts to provide notice to victims affected by the disclosure of information and shall take steps necessary to protect the privacy and safety of the person affected by the release of the information.

Subgrantees may share –

- a) Non-personally identifying data in the aggregate regarding services to their clients and non-personally identifying demographic information in order to comply with Federal, State, tribal, or territorial reporting, evaluation or data collection requirements;
- b) Court-generated information and law-enforcement generated information contained in secure, governmental registries for protection order enforcement purposes; and
- c) Law enforcement and prosecution-generated information necessary for law enforcement and prosecution purposes.

3. **Filing Costs for Criminal Charges and Protection Orders** –Victims will not be charged a fee to file misdemeanor or felony criminal charges against the offender in a domestic violence offense. Victims will not pay any costs associated with the filing, issuance, registration, or services of a warrant, protection order, petition for a protection order, or witness subpoena, whether issued inside the state, tribal, or local jurisdiction for protection against domestic violence, sexual assault, or stalking. *Hawaii Revised Statutes §607-2.5 meets this federal statutory requirement.*

4. **Forensic Medical Examination** - The state, Indian tribal government, unit of local government or another governmental entity shall incur the full out-of-pocket cost of forensic medical exams for victims of sexual assault.

Forensic medical exams are performed by trained examiners for victims of sexual assault and do not require victims of sexual assault to pay or seek reimbursement for the exam from their insurance carriers.

By January 5, 2009, the state, Indian tribal government, unit of local government or another governmental entity will not require victims of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic exam, reimbursement for the cost of the exam, or both.

The State VAWA Committee is currently addressing how the State of Hawaii will meet the federal statutory eligibility requirement.

5. **Judicial Notification** – The State of Hawaii and local judicial administrative policies and practices includes notification to domestic violence offenders of Federal, State, or local gun laws no later than January 5, 2008.

The State of Hawaii meets this federal statutory requirement pursuant to Hawaii Revised Statutes §134-7.

6. **Polygraph Testing Prohibition** - A state or territory must certify: that not later than January 5, 2009, their laws, policies, or practices will ensure that no law enforcement officer, prosecuting officer or other government official shall ask or require an adult, youth, or child victim of an alleged sex offense as defined under Federal, Tribal, State, or local law to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. The refusal of a victim to submit to an examination shall not prevent the investigation, charging, or prosecution of the offense.

D. Limitations on STOP Program Funding

With certain exceptions, STOP Program funded services must be specific to adult victims of domestic violence, sexual assault, stalking or dating violence.

- Children’s services supported by STOP Program funds must show an inextricable link and be the direct result of providing services to an adult victim of violence against women. For example, STOP Program funds may support the expansion of battered women’s shelter services to include programs for children of the battered women residing in the shelter.
- Services may be provided to adolescents age 14 and older who are 1) victims of dating violence, or 2) sexual assault by a person who is *not* a family or household member.
- Male victims may receive services under a STOP Program funded project as long as the agency’s primary focus is on efforts to stop violence against women.

In addition to the clear criminal justice purposes for which the Violence Against Women Act was intended, funding for civil justice assistance is allowable. This funding is limited by the Omnibus Crime Control and Safe Streets Act of 1968, as amended by the Violence Against Women Act, to situations that bear directly and substantially upon criminal justice matters or are inextricably intertwined with criminal justice matters. Since it is consistent with the overall intent of the statute, legal assistance to victims attempting to obtain civil protection orders may be supported.

STOP Program funds may not be used to support services for obtaining divorces. Divorces and legal separations are civil proceedings that fall outside the scope of the 14 broad Purpose Areas for which STOP Program funds may be used.

STOP Program funds may not be used to support services that focus exclusively on children or to develop sexual assault, domestic violence, stalking or dating violence prevention curricula.

Additionally, STOP Program funds may not support legal or defense services for perpetrators.

E. Activities That May Compromise Victim Safety

Ensuring victim safety is the guiding principle underlying the STOP Violence Against Women Formula Grant Program. Experience has shown that certain practices may compromise victim safety rather than enhance it. Certain responses by the authorities may have the effect of minimizing or trivializing the offender's criminal behavior. Accordingly, consistent with the goals of ensuring victim safety while holding perpetrators accountable for their criminal conduct, applicants are strongly discouraged from proposing projects that include any activities that may compromise victim safety such as the following:

- Offering perpetrators the option of entering pre-trial diversion programs.
- Mediation or counseling for couples as a systemic response to domestic violence or sexual assault.
- Requiring victims to report sexual assault, stalking, or domestic violence crimes to law enforcement or forcing victims to participate in criminal proceedings.
- Court mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior.
- Placement of batterers in anger management programs.
- Procedures that would force victims of domestic violence to testify against their abusers or impose other sanctions on them. Rather, procedures that provide victims the opportunity to make an informed choice about whether to testify are encouraged.

F. VAWA Statutory Purpose Area: *To be eligible for funding under the Violence Against Women Act, applicants must design projects that fall within at least one of 14 authorized Purpose Areas established by Congress.*

1. Training law enforcement officers and prosecutors to more effectively identify and respond to violent crimes against women, including the crimes of sexual assault and domestic violence.
2. Developing, training, or expanding units of law enforcement officers and prosecutors specifically targeting violent crimes against women, including the crimes of sexual assault and domestic violence.
3. Developing and implementing more effective police and prosecution policies, protocols, orders, and services specifically devoted to preventing, identifying, and responding to violent crimes of sexual assault and domestic violence.
4. Developing, installing, or expanding data collection and communication systems, including computerized systems, linking police, prosecutors, and courts or for the

- purpose of identifying and tracking arrests, protection orders, violations of protection orders, prosecutions, and convictions for violent crimes against women, including the crimes of sexual assault and domestic violence.
5. Developing, enlarging, or strengthening victim services programs, including sexual assault and domestic violence programs, developing or improving delivery of victim services to racial, cultural, ethnic, and language minorities, providing specialized domestic violence court advocates in courts where a significant number of protection orders are granted, and increasing reporting and reducing attrition rates for cases involving violent crimes against women, including crimes of sexual assault, domestic violence, and dating violence.
 6. Developing, enlarging, or strengthening programs addressing stalking.
 7. Developing, enlarging, or strengthening programs addressing the needs and circumstances of Indian tribes in dealing with violent crimes against women, including crimes of sexual assault and domestic violence.
 8. Supporting formal and informal statewide, multidisciplinary efforts, to the extent not supported by state funds, to coordinate the response of state law enforcement agencies, prosecutors, courts, victim services agencies, and other state agencies and departments, to violent crimes against women, including the crimes of sexual assault, domestic violence, and dating violence.
 9. Training of sexual assault forensic medical personnel examiners in the collection and preservation of evidence, analysis, prevention, and providing expert testimony and treatment of trauma related to sexual assault.
 10. Developing, enlarging, or strengthening programs to assist law enforcement, prosecutors, courts, and others to address the needs and circumstances of older and disabled women who are victims of domestic violence or sexual assault, including recognizing, investigating, and prosecuting instances of such violence or assault and targeting outreach and support, counseling, and other victim services to such older and disabled individuals.
 11. Providing assistance to victims of domestic violence and sexual assault in immigration matters.
 12. Maintaining core victim services and criminal justice initiatives, while supporting complementary new initiatives and emergency services for victims and their families.
 13. Supporting the placement of special victim assistants (to be known as “Jessica Gonzales Victim Assistants”) in local law enforcement agencies to serve as liaisons between victims of domestic violence, dating violence, sexual assault, and stalking and personnel in local law enforcement agencies in order to improve the enforcement of protection orders. Jessica Gonzales Victim Assistants shall have expertise in domestic violence, dating violence, sexual assault, or stalking and may undertake the following activities –
 - developing, in collaboration with prosecutors, courts, and victim service providers, standardized response policies for local law enforcement agencies, including triage protocols to ensure that dangerous or potentially lethal cases are identified and prioritized;
 - notifying persons seeking enforcement of protection orders as to what responses will be provided by the relevant law enforcement agency;

- referring persons seeking enforcement of protection orders to supplementary services (such as emergency shelter programs, hotlines, or legal assistance services); and
 - taking other appropriate action to assist or secure the safety of the person seeking enforcement of a protection order; and
14. To provide funding to law enforcement agencies, nonprofit nongovernmental victim service providers, and State, tribal, territorial, and local governments, (which funding stream shall be known as the Crystal Judson Domestic Violence Protocol Program) to promote –
- the development and implementation of training for local victim domestic violence service providers, and to fund victim services personnel, to be known as “Crystal Judson Victim Advocates”, to provide supportive services and advocacy for victims of domestic violence committed by law enforcement personnel:
 - the implementation of protocols within law enforcement agencies to ensure consistent and effective responses to the commission of domestic violence by personnel within such agencies (such as the model policy promulgated by the International Association of Chiefs of Police (“Domestic Violence by Police Officers: A Policy of the IACP, Police Response to Violence Against Women Project” July 2003));
 - the development of such protocols in collaboration with State, tribal, territorial and local victim services providers and domestic violence coalitions. Any law enforcement, State, tribal, territorial, or local government agency receiving funding under the Crystal Judson Domestic Violence Protocol Program under paragraph 14. shall on an annual basis, receive additional training on the topic of incidents of domestic violence committed by law enforcement personnel from domestic violence and sexual assault nonprofit organizations and, after a period of 2 years, provide a report of the adopted protocol to the Department of Justice, including a summary of progress in implementing such protocol.

G. State VAWA Planning Committee Priorities

To be eligible for STOP grant funds, states must develop and submit a *VAWA Implementation Plan* for approval to the Office of Justice Programs (OJP). States are required to develop their Implementation Plans through deliberative consultation and coordination with a broad range of participants, including private, nonprofit victim service programs (such as sexual assault and domestic violence victim service programs) and victim advocates.

The Implementation Plan includes an overview of the process used to develop the plan, documentation from participating organizations regarding their involvement in the development and implementation of the plan; major shifts in direction, because of reevaluation or reassessment of previous efforts; a general explanation of how the VAWA funds will be distributed across law enforcement, prosecution, and victim services categories; and a description of how the success of grant-funded activities will be evaluated. The Implementation Plan identifies the funding priorities for the

VAWA grant funds and the types of programs and projects the State intends to support with VAWA grant dollars.

The Department of the Attorney General convened the *VAWA State Planning Committee* to help develop the annual Implementation Plan. The committee consisted of thirteen members with representation from law enforcement, prosecution, domestic violence and sex assault service providers, immigrant services, Family Court, U.S. Attorney's Office, Hawaii State Commission on the Status of Women, and the Attorney General.

Developed in December 2001, the *FY 2001 Strategic Plan for the STOP Violence Against Women Formula Grant* provided a more redefined approach to the current efforts undertaken over the past five years. Initiated by a formal strategic planning session begun in May 2001, the VAWA State Planning Committee sought a long-range plan that would provide increased accountability and offer a "road map" for statewide action over the next three to five years for VAWA and other funding needs. This effort brought about the identification of issues and concerns across the different systems addressing domestic violence and sexual assault, as well as funding resources available to victims.

The current plan (*FY 2008-2011 Strategic Plan for the STOP Violence Against Women Formula Grant*) continues the allocations of previous years (25% - law enforcement, 25% - prosecution, 30% - non-profit victim services, 5% - Judiciary, 15% - discretionary).

The State Strategic Plan identifies two special priority areas for statewide implementation: 1) Outreach Services for Underserved Adult Female Victims of domestic violence, sexual assault, dating violence, and stalking; **or** 2) Multi-disciplinary Training and Staff Support Efforts.

Funding for this RFP represents the allocation for the discretionary portion of the FY2006 VAWA STOP Formula Grant for the two special priority areas listed above. *Note:* If monies are still available after the above priority areas have been met, then the Department has the discretion to allocate the funds to any category, including core victim services and a 25% in-kind match will be required; applications will be accepted.

H. Planning activities conducted in preparation for this RFP

The Department posted a *Request For Information* (RFI) notice on the State Procurement website under Health and Human Services 103F on February 15, 2008, which referred to similar service specifications for outreach services from a previous year as set forth in this RFP.

III. Scope of Work

The scope of work encompasses the following tasks and responsibilities:

A. OUTREACH SERVICE ACTIVITIES (Minimum and/or mandatory tasks and responsibilities)

Underserved populations continue to face unique barriers to receiving victim services. Diverse social, cultural, and linguistic demands and the lack of readily-available and appropriate victim services in some jurisdictions only serve to compound the problems confronting women seeking victim services. This RFP provides a unique opportunity for applicants to develop and implement an appropriate outreach system, infrastructure, or framework to meet the diverse needs of underserved victims.

The FY 2008 - 2011 State of Hawaii Strategic Plan for the STOP Violence Against Women Formula Grant acknowledges that the ethnic and racial spectrum of domestic violence and sexual abuse victims in the State requires a redefinition of our victim service delivery that is more culturally and linguistically appropriate (i.e., non-Western). This is a critical piece in achieving effective outreach to the many underserved victim populations and to educate non-English speaking communities of the issues and services available. For those non-English speaking victims who are brought into the justice system, efforts should be made to afford them with competent translation/interpreter services and staff of various racial and ethnic backgrounds. Non-traditional clientele with physical, cognitive and/or emotional differences also require efforts to eliminate barriers to more traditional victim services. In all cases, input from these victim populations must be considered in the planning and implementation of services to their respective groups.

The State requests proposals to develop and implement a community and victim-responsive system, infrastructure, or framework to ensure the provision of appropriate

outreach services for underserved adult female victims of domestic violence or sexual assault.

Applicant proposals must address both of the following objectives or components:

Objective A: Increase outreach to victims who are isolated by culture/language, disability, and/or sexual orientation in an effective and appropriate manner.

Specific activities related to this objective might include (but not be limited to):

- Meeting with knowledgeable people in that underserved group and determining the most effective outreach activities that will reach the targeted underserved victims.
- Developing an outreach campaign targeted to the underserved population.
- Developing a (domestic violence/sexual assault) training component for community leaders.
- Developing training for the justice system and support agencies to address cultural sensitivity.
- Defining minimum level of services to ensure continuity of services for victims.
- Including and involving victims in the planning process.
- Implementing outreach campaigns targeting underserved populations.
- Developing/implementing “buy-in” and collaboration with criminal justice system partners (police, prosecutors, courts, etc.).
- Developing/implementing infrastructure/collaboration to sustain adequate level of services (include police, prosecutors, courts, etc.).
- Developing/implementing a strategy to ensure perpetuation of victim services.

Objective B: Increase accessibility to law enforcement, courts, and service providers for victims who are isolated by culture/language, disability, and/or sexual orientation:

Specific activities related to this objective might include (but not be limited to):

- Developing *competent* interpreters. “Competent” in language, domestic violence and/or sexual assault issues, policy and procedures of the court system, personal bias, etc.
- Developing sensitivity training curriculum for law enforcement, courts, service providers.
- Including and involving victims in the planning process.
- Providing *competent* interpreters (as defined above) for all victims.
- Providing sensitivity training to law enforcement, courts, and service providers.
- Providing reasonable accommodations to make services accessible to victims in need.

**B. MULTI-DISCIPLINARY TRAINING AND STAFF SUPPORT EFFORTS
(Minimum and/or mandatory tasks and responsibilities)**

Consistent with the special priority areas outlined in the approved State VAWA plan and the purpose areas of the VAWA (See Section 2, I., A of this RFP), the State is requesting proposals to support and promote multi-disciplinary training, encourage coordination of multi-disciplinary efforts, and provide incentives for valuing and retaining staff.

Training should be short-term. Applicants should address the need for training, and clearly state the objectives and project activities to be conducted during the course of the grant period. While the purpose of the training is to improve victim services, the investigation, prosecution, and judicial handling of cases of domestic violence and sexual assault, the training *must* be a collaborative effort. Funds shall not be used to supplant or defray the costs that would otherwise be made available to cover activities or the operations of a particular applicant.

Grant funds may be used for the purpose of providing multi-disciplinary training events, activities, or curricula to a wide range of professionals involved in victim services, investigation, or prosecution of domestic violence, sexual assault, dating violence, or stalking.

C. MANAGEMENT REQUIREMENTS FOR BOTH SPECIAL PRIORITY AREAS:

Problem Statement: The APPLICANT must clearly define the problem the agency is proposing to address and the services the agency proposes to deliver. Include data that define the size and scope of the problem. Explain the impact of the problem on your agency, system, or community. Explain how this problem is either not addressed or is not adequately addressed in the current service delivery system. Include supporting hard data. The problem statement should identify the target population to be served, the number of individuals to be served and the geographic area(s) to be served. This section should clearly justify the reasons why the project is needed.

Approach to Project: The APPLICANT shall provide an overview of their understanding of the tasks involved in accomplishing the objectives of the project. APPLICANTS are asked to submit an overview of their project plan and to identify what would make the APPLICANT uniquely qualified to perform this contract. APPLICANTS must describe, in detail, the services they are proposing to develop and deliver. APPLICANTS must include a description of any outreach materials, videos, training tools or manuals that may result from this project. APPLICANTS must clearly state the goals, objectives and activities of the project service delivery plan. Goals, objectives, and activities must be logically linked to each other and to output and performance measurements.

- Goal: A goal is a broad statement about an undesirable condition that you would like to improve or a desired state of affairs toward which to strive. Project goals should be clearly stated and realistic. For example: to reduce the recidivism of substance-abusing parolees; to improve the prosecution of sex assault or domestic violence cases.
- Objective: State the objectives, which are specific, measurable outcomes of the project. The objective should state who or what will change, in which direction (increase or decrease), by how much, and by when. It is imperative that objectives be both achievable and measurable. For example: 30% of parolees who enter a substance abuse treatment program will successfully complete the program during the project period; to reduce sex assault case processing from receipt of case to prosecutor's charging decision from 10 months to 3 months.
- Activities: State the methods that will be utilized to achieve the objectives. Include activities, staffing (number and type), equipment (description and justification), clients to be served, client selection criteria, etc. Program activities must be developed within the confines of the project's resources.

❖ **Management Requirements (Minimum and/or mandatory requirements)**

1) Personnel

The APPLICANT shall include resumes of all key personnel assigned to the contract and an organization chart. Resumes must show employment history, all relevant and related experience and education and degrees (including specific date, names of employees, and educational institutions). If the staff position is not yet filled, provide a position description.

2) Administrative

The APPLICANT shall establish and implement policies and procedures that clearly identify the target population for each type of victim service, the program content, and methods of service delivery.

3) Quality assurance and evaluation specifications

The APPLICANT must ensure quality assurance and ongoing evaluation of the project goals, objectives and activities.

The Department shall monitor the project during the project period to evaluate the results of the program. During these monitoring visits the APPLICANT must make available to the Department for review: project files, fiscal records,

documentation for cost category expenditures, time sheets, data collection results, etc.

4) **Output and performance/outcome measurements**

The APPLICANT must clearly describe outcome measures, benchmarks and data collection methods relative to the proposed scope of services. The program objectives and outcome indicators should be appropriate and achievable with regard to the target client group, the stated problem and proposed service activities.

The APPLICANT must provide baseline data from which measurable outcomes can be established. Outcome measures may be quantitative or qualitative. A *quantitative* indicator can be expressed as a single measure (number of victims served), or as a degree of change (increase/decrease in number of domestic violence cases). *Qualitative* indicators can be used where quantitative measures are not feasible. It is not possible, for example, to assign a direct quantitative measure to the extent to which neighborhoods have been made safer through crime watch programs. However, a qualitative (or indirect) measure can be used through the use of anecdotal information, surveys, direct observation, etc.

The APPLICANT must develop measurements that will be used to determine the effectiveness of the project and whether the objectives have been met. Include the type of data to be collected and any analysis of the data that might occur (for example, if training is going to be an activity, how will you determine if the training made any difference?). Output and performance measurements must have a logical link to goals, objectives, and activities. The performance measurement information shall be used to evaluate the effectiveness of the program.

❖ **Reporting requirements for program and fiscal data**

a. Required Program Reports:

1. The APPLICANT shall submit six month progress reports and a final progress report at the end of the project summarizing and analyzing required outcome data and reports on accomplishments and challenges. The report should:
 - Include a brief description of the program.
 - List each goal and objective, and describe the progress made towards achieving each.
 - Describe the program activities to date.

- Report performance indicators that document the accomplishment of the objectives.
- Describe how the project impacted/improved the criminal justice system.
- Describe any problems encountered, how they impacted the program and how they were resolved.

Progress reports are due one month after the end of the reporting period.

b. STOP Annual Reports

1. The APPLICANT shall submit a STOP Program Annual Progress Report at the end of a calendar year identifying program goals and activities, and other data relevant to their portion of grant funds.

c. Required Fiscal Reports

1. The APPLICANT must maintain accounting procedures and practices acceptable to the Department, and books, records, documents and other evidence which sufficiently and properly reflect all direct and indirect expenditures and all interest or other income earned as the result of funds provided pursuant to the contract awarded pursuant to this RFP.
2. Any funds provided pursuant to a contract awarded under this RFP which are unencumbered on the date the project terminates shall be returned to the Department; all funds provided under the contract awarded pursuant to this RFP which are encumbered but not disbursed within sixty (60) days after the project terminates shall be returned to the Department.
3. The APPLICANT must submit a *Request for Funds and Cash Balance Report* by the 15th of each month.
4. The APPLICANT must submit a *Project Expenditure & Obligations Report* by the 15th of April, July, October, and January.
5. The source of funding for this grant is federal funds and the provision of Hawaii Revised Statutes, Sections 29-15 and 29-15.5 shall apply.

❖ **Pricing or pricing methodology to be used**

The method of pricing shall be reimbursement of actual expenditures.
