REQUEST FOR SOLE SOURCE (Cont.)

How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:

Operation of the Wang VS equipment is critical to ensure daily operation of State agencies utilizing the Wang VS. Currently, the Department of Agriculture and the Department of Hawaiian Home Lands utilize the Wang VS computer system.

The following other possible sources for the goods, services, or construction were investigated but do not meet our needs because:

Due to the proprietary nature of the Wang VS computers and related equipment, BAE Information Technology LLC (formerly DigitalNet Government Solution, LLC) is the only vendor capable of providing the required maintenance.
