Lifescience Resources Inc. is the only Authorized Dealer for sales and service of Quantum Medical Imaging Radiographic and Digital Radiographic products in the State of Hawaii. In addition, Lifescience Resources Inc. is the sole distributor for sales and service in the Pacific Basin Region for EBM Technologies.

Lifescience resources Inc. has consistently provided high quality and timely maintenance to the digital x-ray equipment.

Through Lifescience's high quality maintenance of the digital x-ray equipment, the Tuverculosis Branch was able to consistently meet the daily requirements for quality X-rays in high quantities. As there exists a set period of time between the X-ray, radiologic interpretation by the Physician (diagnostics) and patient follow-up; it is critical that all aspects of the digital x-ray process move forward unimpeded and the only way to accomplish this is through the continued maintenance of the equipment by Lifescience Resources Inc.
