

STATE PROCUREMENT OFFICE NOTICE & REQUEST FOR SOLE SOURCE

1. TO: Chief Procurement Officer
2. FROM: Transportation, Highways Division
Department/Division/Agency

Pursuant to §103D-306, HRS, and Subchapter 9, Chapter 3-122, HAR, the Department requests sole source approval to purchase the following:

3. Description of goods, services, or construction:

To alleviate morning traffic congestion on the H-1 Freeway between Manager's Drive Overpass and the Keehi Interchange Interchange, the State Department of Transportation has implemented a special contra-flow configuration called "Zipper Lane". The Contractor shall furnish and have on duty a minimum of four workers to operate the moveable barrier transfer machines and to create a High Occupancy Vehicle (HOV) - contra-flow lane during the morning peak traffic period along the H-1 project limits.

The Contractor will place and remove flexible delineators, traffic cones, barricades, install portable traffic signs and with the use of a "Zipper Machine" place and reinstall the moveable barriers along the proposed alignment for the morning peak traffic period only.

4. Vendor Name: Safety Systems Hawaii, Inc.
Address: 815C Waiakamilo Road, Honolulu, Hawaii 96817

5. Price:
\$1,709,435

6. Term of Contract:
(mm/dd/yyyy) From: 14 OCT 2008 To: 16 OCT 2009

7. Prior Sole Source Ref No.
08011

8. Feature: The good, service, or construction has the following unique features, characteristics, or capabilities: Safety Systems Hawaii, Inc. is the current contractor of the Zipper Lane operations from the Manager's Drive overpass to the Keehi Interchange. Safety Systems Hawaii, Inc. continue to be the only contractor in Hawaii that has received certified training to operate and maintain the Zipper Machines from the manufacturer, Barrier Systems, Inc. Safety Systems Hawaii, Inc. also continue to be the manufacturers representative for Barrier Systems, Inc. The proper operation and maintenance of the Zipper Machines is critical to alleviating morning rush hour traffic on the H-1 freeway. There has been no major equipment breakdown during operations for the period that Safety Systems Hawaii, Inc. has operated and maintained the Zipper Machines. Safety Systems Hawaii, Inc.'s track record and professionalism has always been excellent and above expectations.

9. Essential features. How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:

This contract is essential for the Department of Transportation Highways Division to alleviate morning traffic congestion on the H-1 Freeway between Manager's Drive Overpass and the Keehi Interchange.

11. Alternate source. The following other possible sources for the good, service, or construction were investigated but do not meet our needs because:

Safety Systems Hawaii, Inc. is the manufacturer's representative in Hawaii and the only contractor in Hawaii that is properly trained in the maintenance and operation of the two "Zipper Machines" as explained above.

12. Direct any inquiries to:
Department: Transportation
Contact Name/Title: Leandro A. Manding/Civil Engineer III

13 Phone Number:
587-2184
Fax Number:
587-2524

Expenditure may be processed with a purchase order: Yes No If no, a contract must be executed and funds certified.

Agency shall ensure adherence to applicable administrative and statutory requirements.

14 I certify that the information provided above is to the best of my knowledge, true, correct and that the goods, services, or construction are available through only one source.

Leandro A. Manding
Hawaii Department of Transportation
869 Punchbowl Street
Honolulu, HI 96813

Dear Mr. Manding:

Our agent and representative in Hawaii wanted me to confirm their status with you. Safety Systems is Barrier Systems sole agent in Hawaii. As you know, they also operate the Zipper machines for the State and sub contract technical help from us as the manufacturer. Their operators are the only trained operators for these machines as well as the only ones on the island trained to maintain them.

We believe that the Zipper System in Honolulu is one of the best maintained and operated systems we have installed. Both Barrier Systems and Safety Systems have invested heavily in training over the last 10 years to ensure this system continues to operate properly. Untrained operators could damage the machine and your significant investment in barrier very easily.

If I can answer any other questions please call me.

Sincerely,

BARRIER SYSTEMS SALES and SERVICE LLC

Chris Sanders
Chief Operating Officer
