

STATE PROCUREMENT OFFICE NOTICE & REQUEST FOR SOLE SOURCE

1. TO: Chief Procurement Officer
2. FROM: Transportation/Airports Division/Oahu District Maint. Section
Department/Division/Agency

Pursuant to §103D-306, HRS, and Subchapter 9, Chapter 3-122, HAR, the Department requests sole source approval to purchase the following:

3. Description of goods, services, or construction: The State Airports has only had two Vendors represented in the State and used both to acquire the Hold Room seating thru the Bidding process. Now one Vendor has stopped manufacturing these products. All components as noted in Attachments #1 & #2 will be purchased on a as needed basis. Herman Miller Seat and back components shall have 1/2 inch thick vinyl foam and 18-ounce support member covered with fabric inforced expanded vinyl. Color shall be black. Side edges are reinforced and secured to a side member with full-length, 5/8-inch, 16-gauge steel, round edge flat wire heat-sealed inside cushions. Load/Limit shall be designed for persons weighting no more than 300 pounds. Seats upholstery shall consist of fire-retardant vinyl meeting State of California Bureau of Home furnishings, or latest code.	
4. Vendor Name: Contract Furnishers Of Hawaii, Inc. Address: dba: Office Pavilion 330 Sand Island Access Road, Unit 101 Honolulu, HI 96819	5. Price: \$200,000.00
6. Term of Contract: (mm/dd/yyyy) From: <u>Date of Approval</u> To: <u>12/31/09</u>	7. Prior Sole Source Ref No. _____
8. Feature: The good, service, or construction has the following unique features, characteristics, or capabilities: These Product(s) are the only known replacement holding room seats available that are equivalent to the existing seats mechanically, structurally and architecturally. For the Herman Miller seats they are replacement of original parts. As the Zermatt Cantilever slings, Vecta Co. seating becomes beyond repair or canableized parts run out they will have to be replaced by the Herman Miller seats.	

9. Essential features. How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:

Uniformity of product materials in the public seating areas for the specified components will ensure consistency with the architectural themes at the airport.

No other replacement parts and/or products are known to exist that match the architectural theme(s) and mechanical fastening. We need to replace the majority of Zermatt Cantilever slings due to its deteriorating condition. This will entail removing Zermatt Cantilever slings and replacing them with Herman Miller Seating. Maintenance needs to reassemble Herman Miller Seats in storage buying necessary parts to refurbish them and use good used Zermatt Cantilever slings to replace damaged ones until all Cantilever slings are replaced.

See Herman Miller Attached Letter of Authorized reseller in the State of Hawaii.

11. Alternate source. The following other possible sources for the good, service, or construction were investigated but do not meet our needs because:

Zermatt Cantilever slings, Vecta Co. , were approached for replacement slings to match existing lobby furniture at Honolulu International Airport's Central concourse, through their local representative "Interior Show Place". Vecta Co. has ceased manufacturing "Sermatt Cantilever slings".

12. Direct any inquiries to:

Department: Maintenance Facilities Unit
Contact Name/Title: Charles Seabury /Bldg Constr & Mtncs Supvr

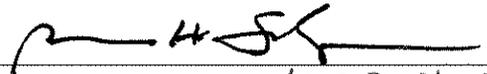

13 Phone Number:

808-836-6579
Fax Number:
808-836-6593

Expenditure may be processed with a purchase order/p-Card: Yes No If no, a contract must be executed and funds certified.

Agency shall ensure adherence to applicable administrative and statutory requirements, including HAR Chapter 3-122, Subchapter 15, Cost or Pricing Data, if required.

14 *I certify that the information provided above is to the best of my knowledge, true, correct and that the goods, services, or construction are available through only one source.*
