STATE PROCUREMENT OFFICE
NOTICE & REQUEST FOR SOLE SOURCE

STATE PROCUREMENT OFFICE
STATE OF HAWAII

- 1. TO: Chief Procurement Officer
- 2. FROM: Transportation/Airports/Oahu District Mntce. Section
Department/Division/Agency

Pursuant to §103D-306, HRS, and Subchapter 9, Chapter 3-122, HAR, the Department requests sole source approval to purchase the following:

3. Description of goods, services, or construction:
 The State's Airports Division has used two vendors represented in Hawaii in the bidding process to acquire seating throughout Honolulu International Airport. One of these vendors, Vecta Co., has stopped manufacturing parts for products used at the Central Concourse. As no replacement parts are available from Zermatt Cantilever slings, Vecta Company. These seats are replaced with Herman Miller seats when they become worn, and a safety hazard to passengers using them.

Herman Miller, Eames Tandem Sling Seating, remains the only company offering component parts as noted in attachments #1 & #2, and can be purchased on a as needed basis. Seating panels shall have 1/2" thick vinyl foam and 18-ounce support member covered with fabric inforced expanded vinyl. Color shall be black. Side wedges are to be reinforced and secured to a side member with full length, 5/8-inch, 16-gauge steel, round edge flat wire heat-sealed inside cushions. Load/limit shall be designed for persons weighting no more than 300 pounds. Seats upholstery shall consist of fire-retardant vinyl meeting State of California Bureau of Home Furnishings, or latest code.

<p>4. Vendor Name: Contract Furnishers of Hawaii, Inc.</p> <p>Address: dba: Office Pavilion 330 Sand Island Access Road, Unit 101 Honolulu, HI 96819</p>	<p>5. Price: \$100,000.00</p>
<p>6. Term of Contract: (mm/dd/yyyy) From: <u>Date of Approval</u> To: <u>12/31/2010</u></p>	<p>7. Prior Sole Source Ref No. <u>09-026-J</u></p>

8. Feature: The good, service, or construction has the following unique features, characteristics, or capabilities: These replacement parts are exactly equivalent to the existing characteristics, mechanically, structurally, and architecturally to that of our Herman Miller seating.

9. Essential features. How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:

Uniformity of product materials in the public seating areas for the specified components will ensure consistency with the architectural themes at the airport.

No other replacement parts and/or products are known to exist to match the architectural theme(s) and mechanical fastening. We need to replace more Zermatt Cantilever slings due to its deteriorating condition. This will entail removing Zermatt Cantilever slings and replacing them with Herman Miller Seating.

11. Alternate source. The following other possible sources for the good, service, or construction were investigated but do not meet our needs because:

Zermatt Cantilever slings, Vecta Co. was approached for replacement sligs to match existing Central Concourse seating, through local representative "Interior Show Place", Vecta Co. Company still has ceased manufacturing "Zermatt Cantilever Slings".
