

STATE OF HAWAII
REQUEST FOR SOLE SOURCE

4 APR -2 A10:30

STATE PROCUREMENT OFFICE
STATE OF HAWAII

TO: Chief Procurement Officer

ADMINISTRATION
STATE PROCUREMENT OFFICE

FROM: TRANSPORTATION/AIRPORTS DIVISION/KAUAI DISTRICT
(Department/Division/Agency)

Pursuant to §103D-306, HRS, and Subchapter 9, Chapter 3-122, HAR, the Department requests sole source approval to purchase the following:

<p>Description of goods, services, or construction:</p> <p>Replacement of the APCO 25 800 MHZ REPEATER with a 3-ASTRO QUANTAR REPEATERS CHANNEL TX/RX ANTENNA COMBINER SYSTEM</p>

<p>Name of Vendor: PACIFIC WIRELESS COMMUNICATIONS, LLC Address: PWC BUILDING, 710 KAKOI STREET HONOLULU, HI. 96819</p>	<p>Cost: \$76,000.00</p>
---	--------------------------

<p>Term of Contract: From: Date of Approval To: 1 month (onetime payment)</p>	<p>Prior Sole Source Reference No.:</p>
---	---

<p>The goods, services, or construction has the following unique features, characteristics, or capabilities:</p> <p>The State of Hawaii, DOT/AIRPORTS DIVISION, The Kauai County and The State of Hawaii Civil Defense use this manufacturer's equipment. The Lihue system must be compatible not only with it's present system but the other systems also.</p> <p>This equipment must and will provide the capability to link Lihue with State and Kauai County Civil Defense. In the critique following Lihue's Tri-Annual Exercise last May it was brought out that the limitation of only having a single channel to work everyday communication is a problem in day to day airport operation, during a emergency it is a disaster. In order to assure that our present radios will continue to work, that the complete system will be compatible in the near and far future, and because with other manufactured components we cannot be sure that the proposed system will work with the current system. The near future system with the three repeaters will give Lihue Airport three working talk groups so we will be able to separate Security, Maintenance and Administrative traffic. The far future the system will allow tying together all emergency responders or tune different responding groups to separate channels. Pacific Wireless Communications LLC has been source of the current communication system, Motorola, and I believe is the only source of Motorola products in the State. This system is also guaranteed to be compatible with the up coming 700 Hz systems.</p>
--

REQUEST FOR SOLE SOURCE (Cont.)

How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:
 All Systems as stated above must be compatible.

The following other possible sources for the goods, services, or construction were investigated but do not meet our needs because:
 At present there are no other sources available. This Vendor is the only C-15 License holder which is required for this job also.

Direct questions to: Howard Trickey ¹⁰²⁸ Phone: (808)246-1408

I certify that the information provided above is to the best of my knowledge, true, correct and that the goods, services, or construction are available through only one source.
