**NOTICE OF AND REQUEST FOR EXEMPTION
 FROM CHAPTER 103F, HRS**

10 AUG -3 A8:00

STATE PROCUREMENT OFFICE
 STATE OF HAWAII

To: Chief Procurement Officer

From: Department of Health, Alcohol and Drug Abuse Division (ADAD)

Department/Division/Branch or Office

Pursuant to § 103F-101(a)(4), HRS, and Chapter 3-141, HAR, the Department requests a procurement exemption to purchase the following:

1.	Title and description of health and human service(s):	
	Hawaii Access to Recovery (ATR) Services. The ATR grant project will provide recovery support services to Department of Human Services-Child Welfare Services (CWS) Clients (Formal and Voluntary Cases) on the island of Oahu. The purpose of this initiative is to provide services to support CWS clients in treatment and in recovery to successfully maintain their sobriety and to minimize further involvement in the CWS system. Recovery support services include, but are not limited to: housing, parenting, child care, transportation, spiritual counseling, cultural healing practices, employment, and skill building.	
2.	Provider Name and Address:	Multiple vendors interested in providing various recovery support services on the Island of Oahu, obtained from a request for qualification type process.
3.	Total Contract Funds: Contract Funds per Year (if applicable):	Approximately \$600,000
4.	Reference number of Previous Request for this Service (if applicable):	PEH No. 08-21
5.	Term of Contract:	Start: Upon Approval End: 9/29/10
6.	Describe how procurement by competitive means is either not practicable or not advantageous to the State: ADAD has an approved exemption for the ATR Grant project under PEH No. 08-21. This request is to increase the funding to be spent under the approved exemption, which will expire on Sept 29, 2010. It is not feasible to procure these services because of the following specific ATR grant requirements: 1) No Contracting Allowed- States are not allowed to contract with agencies to provide recovery support services; 2) Client Choice Required- States must ensure that CWS involved families are able to choose from various qualified recovery support services in their community; and 3) Building a Robust Service List- States are required to develop and maintain recovery support service lists that are flexible enough to add qualified service vendors on an on-going and regular basis to ensure that the client choice is maintained. ATR will use existing providers and no additional providers will be added.

ADAD has an approved exemption for the ATR Grant project under PEH No. 08-21. This request is to increase the funding to be spent under the approved exemption, which will expire on Sept 29, 2010.
ATR will use existing providers and no additional providers will be added.

8. Describe the state agency's internal controls and approval requirements for the exempted procurement:
The ADAD in accordance with the ATR grant requirements, will continue to work with individuals involved in the DHS-CWS system who are actively engaged in substance abuse treatment services or have recently completed treatment and are in recovery. DHS case managers, ADAD ATR staff, along with contracted services providers will ensure that only eligible individuals involved with the CWS system will have access to these recovery support services. The ATR grant also supports three positions (Service Developer, Quality Assurance Monitor, and Accountant) that will assist in the operationalization of this grant. The Service Developer will be directly responsible for ensuring that the service procurement process is maintained as detailed in the request for exemption, and will continue to provide a fair, open and clear process that ensures that all qualified vendors are added to the service list.
