

STATE OF HAWAII  
 NOTICE OF AND REQUEST FOR EXEMPTION  
 FROM CHAPTER 103F, HRS

'11 SEP -8 A9:51

STATE PROCUREMENT OFFICE  
 STATE OF HAWAII

To: Chief Procurement Officer

From: DOH, Child and Adolescent Mental Health Division ("CAMHD")  
*Department/Division/Branch or Office*

Pursuant to § 103F-101(a)(4), HRS, and Chapter 3-141, HAR, the Department requests a procurement exemption to purchase the following:

|    |  |  |                  |
|----|--|--|------------------|
| 1. | Title and description of health and human service(s):  | Partial Hospitalization support by The Queen's Medical Center ("QMC") for a CAMHD client after the client's discharge from the residential treatment program at QMC. This day care service arrangement will allow the client to attend school in the safe and familiar environment of the Queen's unit as the client transitions to a new, less restrictive home environment. The length of the transitional service is estimated to be one month to allow a smooth release to a less restrictive level of care. |                  |
| 2. | Provider Name and Address:   | The Queen's Medical Center<br>1300 Punchbowl Street<br>Honolulu, Hawaii 96813  |                  |
| 3. | Total Contract Funds:  | \$7,800  |                  |
|    | Contract Funds per Year (if applicable):   | \$7,800  |                  |
| 4. | Reference number of Previous Request for this Service (if applicable):   | <del>PEH No. 08-22</del> <i>ef</i>   |                  |
| 5. | Term of Contract:  | Start: 9/12/11   | Estimate 30 days |
|    |  | End: 12/30/11  |                  |
| 6. | Describe how procurement by competitive means is either not practicable or not advantageous to the State:<br>The CAMHD client is currently receiving hospital based services at QMC. After discharge from the residential program, the client's clinical team in the best interest of the client recommends that this client receive partial hospital support services from QMC for continuity of care.<br><br>Procuring for partial hospitalization services is neither practicable nor advantageous to the State since the CAMHD is in the process of a new Request for Procurement ("RFP") that would include Partial Hospitalization with all Hospital Based Residential Programs to allow a smooth transition to less restrictive care levels. This RFP is scheduled to be released this September for contracts that would become effective July 1, 2012 |  |                  |
| 7. | Describe the reason for the selection of the provider including a description of how the procedure ensured the maximum fair and open competition practicable:<br>The client is currently at the QMC residential based program. (The hospital based residential services at QMC were procured thru HRS 103F competitive procurement process RFP 460-06-01 issued November 23, 2005.) Providing partial hospitalization services would ensure continuity of services for this client who is transitioning from a residential treatment program at QMC to a community based program. The client's clinical team will determine when this service is no longer clinically necessary.   |  |                  |
