Insurance Requirements. The PROVIDER shall obtain from a company authorized by law to issue such insurance in the State of Hawai‘i commercial general liability insurance (“liability insurance”) in an amount of at least TWO MILLION AND NO/100 DOLLARS (\$2,000,000.00) coverage for bodily injury

and property damage resulting from the PROVIDER's performance under this Contract. The PROVIDER shall maintain in effect this liability insurance until the STATE certifies that the PROVIDER's work under the Contract has been completed satisfactorily.

The liability insurance shall be primary and shall cover the insured for all work to be performed under the Contract, including changes, and all work performed incidental thereto or directly or indirectly connected therewith.

A certificate of the liability insurance shall be given to the STATE by the PROVIDER. The certificate shall provide that the STATE and its officers and employees are Additional Insureds. ~~The certificate shall provide that the coverages being certified will not be cancelled or materially changed without giving the STATE at least 30 days prior written notice by registered mail.~~

Should the insurance coverages be cancelled before the PROVIDER's work under the Contract is certified by the STATE to have been completed satisfactorily, the PROVIDER shall immediately procure replacement insurance that complies in all respects with the requirements of this section.

Nothing in the insurance requirements of this Contract shall be construed as limiting the extent of PROVIDER's responsibility for payment of damages resulting from its operations under this Contract, including the PROVIDER's separate and independent duty to defend, indemnify, and hold the STATE and its officers and employees harmless pursuant to other provisions of this Contract.

In addition, the following minimum insurance coverage(s) and limit(s) shall be provided by the PROVIDER (including its subcontractor(s) where appropriate):

<u>Coverage</u>	<u>Limits</u>
<i>Automobile Liability, Comprehensive Bodily Injury:</i>	<i>\$1,000,000 per accident</i>
<i>Property Damage:</i>	<i>\$ 50,000 per occurrence</i>

The minimum insurance required shall be in full compliance with the Hawaii Insurance Code throughout the entire term of the Contract, including supplemental agreements. Each insurance policy shall be written by 1) an insurance company licensed to do business in the State of Hawaii, or 2) if not licensed by the State of Hawaii, an insurance company which meets §431:8-301, Hawaii Revised Statutes.

Upon execution of the Contract, the PROVIDER agrees to deposit with the STATE certificate(s) of insurance necessary to satisfy the STATE that the insurance provisions of this Contract have been complied with and to keep such insurance in effect and the certificate(s) therefore on deposit with the STATE during the entire term of this Contract, including those of its subcontractor(s),

where appropriate. Upon request by the STATE, PROVIDER shall be responsible for furnishing a copy of the policy(ies).

Failure of the PROVIDER to provide and keep in force such insurance shall be regarded as material default under this Contract, entitling the STATE to exercise any or all of the remedies provided herein.

The PROVIDER will provide written notice within twenty-four (24) hours to the Contract Administrator should any of the insurance policies evidenced on its Certificate of Insurance form be cancelled, limited in scope, or not renewed upon expiration.

2. Relief Available to the STATE

In addition to all rights and remedies available to the STATE under the Contract or otherwise provided by law, if the PROVIDER is in non-compliance with contract requirements, the STATE may:

Service Specifications

Section 2

Service Specifications

2.1 Introduction

A. Overview, purpose or need

The Superintendent of the Department of Education (“**DOE**” or the “**Department**”) provides the After-School Plus (A+) Program through the Office of Curriculum, Instruction and Student Support (“**OCISS**”). The program began in spring 1990 to increase the availability of quality, affordable after-school care for latchkey children. Hawaii Administrative Rules (“**HAR**”) Chapter 400 defines latchkey children as "children who have no adult present in the home to provide after-school supervision.”

The After School Plus (A+) Program was the first state subsidized after-school care program in the nation and is currently funded by fees paid by parents and funds per a Memorandum of Agreement with Department of Human Services (“**DHS**”).

The A+ Program operates at 180 school sites and serves more than 21,000 children attending public schools.

The A+ program is voluntary and is not part of the compulsory education services provided by the state. The program provides supervision to young children who would otherwise be unsupervised during after-school hours.

B. Planning activities conducted in preparation for this RFP

A Request for Information (“**RFI**”) was issued and posted on September 19, 2013. An RFI meeting was held on September 30, 2013, from 10:00 am to 12:00 pm HST, at OCISS Annex, 475 22nd Ave., Bldg. 264A, Ewa Meeting Room, Honolulu, HI 96816. Additional planning information may be obtained by contacting the Contracting Office for this RFP (see Section 1.5 herein).

C. Description of the goals of the service

The goals of the A+ Program are to:

- 1) provide after-school supervision for latchkey children in a stimulating and caring environment;

- 2) reduce the incidence of latchkey children;
- 3) enhance the relationship between home and school in collaboratively meeting the needs of children; and
- 4) improve the physical fitness of children.

D. Description of the target population to be served

The A+ program services latchkey children enrolled in public elementary schools in kindergarten through grade five or six. Students are eligible to participate in the program if they are living with both parents who are employed, a single parent who is employed, parents attending colleges, universities, or other types of schools or engaged in job training programs during the hours of A+ operations. Based on space availability, a child who is at-risk may also be recommended by the school principal for enrollment in the A+ program. "At-risk student" means a child who is consistently not making satisfactory progress in school or who is in need of a safe, nurturing environment. Two-thirds of any vacant slots can be filled by children who are [educationally] at-risk and who are recommended by the school.

E. Geographic coverage of service

Services are required at various elementary schools statewide. Please refer to **Attachment D** for the list of Schools by District that are currently seeking an A+ service provider pursuant to this RFP.

F. Probable funding amounts, source, and period of availability

The A+ Programs at DOE sites and private provider sites are supported by parent fees and DHS TANF (Temporary Assistance to Needy Families) funds. Fees collected by private providers are retained by the private providers to directly fund their A+ program site. Reimbursement from DHS, for qualifying students through an executed Memorandum of Agreement also contributes to support of the A+ program.

Contracted providers shall adhere to the fee schedule as described in the RFP and all relevant and applicable laws, rules, regulations, procedures and protocols.

If there is no available funding, as determined by the DOE, and no additional funding that is appropriated by the Legislature for the A+ Program, DOE will initiate the early closing of the A+ Program. Contractors will be notified by OCISS of the date of closure and termination date of the contract.

3. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC

grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs (45 CFR Part 93).

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

5. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE.

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any sub awards which contain provisions for children's services and that all sub recipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.
